New Research Perch: Efficacy of Perinatal Massage

Join us for Research Perch! In Part I of this two-part episode, host Adrienne F. Asta welcomes Michele Kolakowski, LMT, CD & CPD (DONA), CLC, and Carole Osborne, BCTMB, two of the co-authors of the highly successful book, “Pre- and Perinatal Massage Therapy.”

The trio discuss recent research into the efficacy of massage and birth narrative storytelling for women immediately following unplanned cesarean birth.

Deadline Extended—Run Boston for MTF!

Seeking eager applicants to run and raise funds for MTF in the 2023 Boston Marathon® on April 17, 2023; four runners will be selected for Team MTF—Running for Research.

Since 2012, MTF has been grateful for the opportunity to participate in **The John Hancock® Non-Profit Marathon Program, which provides runners who might not otherwise qualify to run this marathon with a way to participate and raise funds for the charities which mean the most to them.** Over the years, this program has raised \$531,074 for MTF and has helped us bring awareness of massage therapy benefits to a wide audience.

Now you, too, can be a part! No need to have a qualifying time, just a desire to raise money for massage therapy research and then revel in your accomplishments.

[Apply Today!](#)

All pages of the application must be completed and returned to MTF by mail or email by noon (CST) October 21, 2022.
