*IJTM*B Bids Farewell to Dr. Ann Blair Kennedy

MTF has deep gratitude for Ann Blair Kennedy's (ABK) many years of outstanding service, as she is stepping down from Executive Editor/Editor-in-Chief of the *International Journal of Therapeutic Massage & Bodywork (IJTM*B). Dr. Kennedy has held multiple volunteer roles with MTF and AMTA and is the recipient of the 2019 MTF/PHI Humanitarian Award. During her tenure at *IJTM*B, ABK helped mentor countless authors, brought increased visibility to the journal, and incentivized peer reviewers helping to curate excellent content quality. Hear more from Dr. Kennedy in her retrospective in the current issue of *IJTM*B.

Exploration and Discovery: The Jacquelyn Project Blog

"Who knew that there was so much to learn in becoming an endurance runner besides lacing up and heading out? I have learned about running form, breathing techniques, warm up and cool down strategies, fueling, and the list goes on. Since I am approaching 60, **my greatest exploration and discovery areas have been with pain prevention and management.**"
