

Acknowledgement of Authorship

All authors must sign their name below to be considered for IMTRC 2022.

Authorship

The undersigned author certifies that they are responsible for the conception and design, interpretation of data, and they give their permission for the content to be presented at IMTRC 2022 (*if selected*), and for the content to be published, in abstract form, as appropriate.

Authors confirm that the appropriate IRB/REB/Ethics Committee documents and/or patient consent forms have been secured (if appropriate), and that this content is able to be published and/or presented.

Authors understand that presentations may not be used to promote any goods, products, or services. All presentations will be done in a non-commercial and non-self-promotional manner.
